ANBEFALET BRUG

Universol Pump Spray with a Ready to Use mixture is very suitable for degreasing surfaces to be painted and making the surfaces anti-static.
The excellent properties of this product mean you do not have to wash the surface, such that you can immediately start painting.
At the appropriate degree of dilution, it is suitable for cleaning floors, windows, engines, household appliances, etc.

PRAKTISK FORBRUG

Dependent on the degree of dilution, the surface, and the degree of fouling.

BRUGSANVISNING

Universol Pump Spray is ready-to-use and should not be diluted any further.
With heavy fouling, repeat treatments and facilitate the cleaning action using a white (non-woven) nylon pad.
Before refilling the Universol spray bottle, dilute to the mixture ratio of 115 ml of Universol Concentrate to 385 ml of clean water.
To prevent foam forming, first fill the bottle with water to the desired level, then add the Universol Concentrate.
